**Catarrhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is like a rubber band that is too tight, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

## OCTOGENARIANS MOONSHINING

### Two Men Near Century Mark Taken by Officers—Had Much White Lightning.

Two men almost 100 years of age, another well over 70, an old woman, who has several grandchildren, infant a little less than 3 years old, fifty gallons of beer, a large quantity of wine and a copper moonshine still with its paraphernalia was the result of a raid made on an illicit still Tuesday afternoon by Revenue Officers B. B. Stroud, J. T. Snodgrass and W. J. Robertson about three miles east of Missionary ridge. J. R. Knight, who was taken into custody several weeks ago by revenue officers when two moonshine stills were found near his home in the vicinity of Ryall Springs, east of the ridge, and G. P. Killian are those said by revenue men to be nearing the century mark, while E. E. Page is well over 70. All these were taken into custody, along with Mr. Knight, Lula Page and the child. Their preliminary trial will be heard before United States Commissioner Sam J. McAllested Thursday afternoon at 4.

Revenue men report a most unusual arrest of all the operators. Having word that the defendants were engaged in the operation of a moonshine still, Strout and his forces laid their plans for a "surprise attack" and succeeded in gaining a place of vantage near the still. Officer Robertson walked up to one of the men operating the still and asked him when he would be ready for a "run."

"Oh, this staff will be ready to take off in about an hour," was the farmer's reply, as he stirred the contents of an immense kettle. The revenue men then emerged from hiding and made their arrests. Contents of the kettle was found to be wine in the making, but about fifty gallons of moonshine mash was found nearby. The still was of about twenty gallons capacity.—Chattanooga News.

### G. W. COPPINCER FOR RE-ELECTION

G. W. Coppinger, present sheriff of Marion, announces in the News this week, that he is before the voters for re-election in August. He received a splendid vote in the Republican primary in March, to which party he is affiliated, and expects his friends to give him the same cordial support in the election three weeks from to-day. That he has endeavored to treat every one with consideration during his term of office, being a man of kindly nature, is very evident, but this has drawn on him considerable criticism. He asks the support of the people with their vote and influence.

Leaders of the movement say it is endorsed by Episcopal clergymen of New York and by numerous judges throughout the country.

## CHANGES MIND; WILL MAKE RACE

John Condra, of Whitwell, has reconsidered his decision not to make the race for sheriff as announced last week, and has thrown his hat into the ring for keeps. He authorized the News late Tuesday evening by special messenger, to place his announcement in the News columns.

Urgent solicitation from a number of friends from all parts of the county caused reconsideration, and so the race for sheriff of Marion is assuming interesting proportions. Mr. Condra has had a great deal of experience as an officer, and has proven himself fearless on all occasions. His friends argue that, if elected, he will prove an ideal sheriff.
